**SOPHS GROW REAL BOLD**  
Haze Near President's Office, But Quickly Scatter.

Several sophomores grew real bold in their freshman abuse yesterday. Chased by the sophs a freshman ran to Academic Hall for protection. The second year men grabbed the freshman and a scuffle followed.

As the freshman increased his resistance the crowd of sophs grew larger. With the fight right outside of President Hill's office, Doctor Hill could not help but hear the noise. He finally ran to the door. Giving the much abashed sophs a lecture they dispersed and the freshman went free.
